CHAIRMAN BABCOCK FIGURES UP THE NEXT CONGRESS.

Iwo Hundred and Fifty-nine Representatives and Forty-four Sena- Pages tors-As Strong Probability of 1 Composition of Next Congress Gains as of Losses From Later Returns-Democrats Safe Nowhere

WASHINGTON, Nov. 8 -On the strength of the returns received up to 6 o'c ock to night Chairman Babcock of the Republican congressional committee figures the Republican representation in the next house will be at less 250 members. The changes from this afternoon's statement when 255 were claimed to be elected, is made by one additional from Illinois, and three from North Carolins. The dispatches received tonight that caused the greatest surprise was one staring that Representative McMillin of Tennessee was probably defeated.

It came from the chairman of the state the returns were not all in. Chairman How Good Money is Made R. 4 Balcock says tonight that from present indications the Republicans will have at least forty-four members in the senate and in this number is included Senator Jones of Nevada. Among the telegrams received at headquarters today was the following from Settle, at Greensboro, S. C.

"It is conceded at Democratic headquar-ters that we have elected seven congress-men in this state. Third and Sixta dis triets doubtful, Six y counties heard We have sixty-five members, D m from. We have sixty-five members, D in ocrais twenty three. This gives us control of the house, if we can hold them, and the Democrats concede us the sente."

John D. Wilson, Spukane, Wash, also telegraphed: "H-ve elected the two members of congress and have about thirty majority in the legislature. Congratulations on the great victory."

WASHINGTON, Nov. 8.-The statistician of the United States department of agriculture states that owing to the comparatively small number of returns as yet received in answer to the special circular in regard to the feeding of wheat to stock, the department will not make a state-ment as to the same on the loth, nor until more extensive returns are received.
